

WHO:

Boaters, fishermen, kayakers and other recreational users can use this brochure to learn about boundaries and general regulations of the marine protected areas located along the Bay Area coastline.

WHAT:

California's network of coastal marine protected areas (MPAs) is the first of its kind in the nation. These MPAs safeguard unique habitats and a diversity of marine species.

HOW:

The Golden Gate Collaborative is dedicated to assisting with education, outreach and enforcement of the MPAs located off San Francisco and Marin Counties. Our goal is to raise awareness of these special areas to protect them for future generations. We are local vessel captains, volunteers, scientists, aquaria, government agencies, nonprofits and docents.

The logo for the California Department of Fish and Wildlife. It features a shield-shaped emblem with a blue border. Inside the border, the word "CALIFORNIA" is written in white capital letters. Below that, the words "DEPARTMENT OF" are in smaller white capital letters, followed by "FISH & WILDLIFE" in large white capital letters. At the bottom of the shield is a white silhouette of a bear.

How to Explore Tidepools

-  Never remove animals, shells, seaweed, plants or rocks from the tidepools.
 -  Never pick up animals...observe them where they are.
 -  Walk gently, taking care not to step on plants or animals.
 -  Never turn over rocks.
